

KHAIRUNNISA KHAN BINTI TALIB

nisakhan6873@gmail.com | +60169411968 | Selangor, Malaysia

As a Computer Science graduate from the University of Manchester with a good academic record and hands-on experience in web development, machine learning, and natural language processing, I am seeking a career opportunity to leverage my technical skills in that field. I aim to contribute innovative solutions and collaborate with teams to drive impactful projects, while continuing to grow in my expertise in computer science field.

EDUCATION

University of Manchester, UK (September 2021- June 2024)

BSc Computer Science with Honours : (Degree Classification 2:1 Class (67.5%))

Kolej Teknologi Timur, Selangor (June 2019 - June 2021)

Cambridge A Levels : Mathematics (A*), Physics (A*), Biology (A)

SMK Oya, Sarawak (January 2014- December 2018)

SPM: 9A

WORK EXPERIENCE

Frontend Developer at Artech Niaga Sdn Bhd (October 2025 – Present)

-Built and delivered a functional prototype for the MAQIS Digital Platform (MDP) using Next.js, React, TypeScript, and Tailwind CSS

-Contributed to technical documentation and compliance materials for government tender submission

Solution Engineering Intern at Infobip Solution Malaysia (March 2025 – June 2025)

-Assisted in client's engagement sessions including product demo, proof-of-concept presentation and technical Q&A handling

-Supported solution implementations by customizing chatbot based on customers requirement

-Prepared technical documentation such as User Acceptance Test to support client-side validation

Sarawak State Representative (2015-2018)

-Second runner-up for Forum Remaja Competition National Level(2018)

-Participant for Bahas Ala Parlimen National Level (2015)

RELATED COURSEWORK

- **Natural Language Processing:** Trained and evaluated Bi-LSTM and BERT models on a dataset for evidence detection, achieving high accuracy of 90% for both models
- **Database Design:** Used Oracle DBMS and SQL for applying conceptual design methodologies, relational model, normalization of those schemas and querying the database
- **Paws Preferences:** An interactive web application that allows users to browse random cat photos through a swipe-based interface. Built with React and Tailwind CSS.
GitHub: <https://github.com/nisakhantalib/pawpreference>
- **MAQIS Admin Portal:** A full-stack admin portal prototype. Developed using Next.js, React, TypeScript, Tailwind CSS, and Recharts
- **SetupHub E-commerce Test Automation Project:** Built a Playwright test automation suite for a Node/Express e-commerce app, covering UI flows, API validation, regression scenarios, accessibility checks, and mocked network failures. Integrated the suite with GitHub Actions CI and Playwright HTML reporting

AWARDS

- Awarded Exemplary Student for highest academic achievement in high school
- Nominated as Best Student for cocurricular activities in high school

SKILLS AND INTERESTS / AWARDS AND ACHIEVEMENTS

- Programming Languages: Python, Java, JavaScript
- Web and App Development: HTML, CSS, Flask
- Database Management: MySQL, MongoDB
- Data Analysis and Visualization: PowerBI
- Framework: TensorFlow, PyTorch, Keras, OpenCV, scikit-learn, Springboot, NextJS
- Languages: English (Proficient), Malay (Proficient), Arabic (Basic)
- Office Suite: Microsoft Office (Outlook, Excel, PowerPoint)
- International English Language Testing System (IELTS):Band 7.5
- Certificate: Google Data Analytics, Comptia Cloud Essentials+, AWS Cloud Practitioner, AWS Solutions Architect
